

Your OUTsurance policy

Welcome to OUTsurance, where 'you always get something out'.

We are a proud leader in our field.

We recognise that you are in control of your possessions and have designed your policy to suit your individual requirements to ensure that you stay in control.

We pioneered the OUTbonus which is recognised as the reward for those who are claim free. We look forward to the day that you receive your OUTbonus.

This policy document forms an essential part of the set of documents we mailed to you. It defines the cover we provide under the following headings which are easily identified by the various icons:

✓ **WHAT IS COVERED and**

✗ **WHAT IS NOT COVERED**

Examples are used to explain specific, practical ways in which the cover is applied.

This is a plain language document, ensuring that it is easy to read and conveys the details of your policy in the clearest possible way.

Please read the documents to make sure that you understand the scope of your cover. Call us on **08 600 70 000** for any queries or to update your information.

Your OUTsurance policy

This document together with your schedule, any written correspondence and verbal agreements form the basis of the contract between you (the policy holder) and us.

It is important that you read and understand these documents and that you make sure that all the information supplied by you, or anyone acting on your behalf, is correct. This contract is based on the information provided during the application process which determines whether we cover you, the premium we charge and the terms and conditions applicable to your cover. If any information has been withheld or misrepresented, this will affect the validity of the agreement and the outcome of any claim. All premiums paid will be forfeited.

Before your cover starts, we will agree on the cover, premium, terms and conditions, start and payment dates. Your cover will start on the agreed upon starting date on the condition that the first premium is successfully paid and received.

Premium payments

Your premiums must be paid by debit order on the agreed payment date and at the start of each period for which you want cover.

Premium refunds

If the OUTsured vehicle or watercraft is written-off, stolen/hijacked without being recovered, and is removed from cover after a claim is settled, there is no refund of the pro-rata portion of the monthly premium for the specific period for which that premium was paid.

Premiums not paid

If the premium is not paid on the payment date, you have a 15 day grace period after which we will automatically deduct the premium from the same account to ensure continuous cover. If this premium is also not paid you will have no cover for the period for which you did not pay. If your premiums are paid monthly, the grace period will only apply from the second month of cover.

Should you cancel or stop your debit order, it will be deemed that you have cancelled your cover and you will not enjoy the 15 day grace period. In the event that you reinstate your policy thereafter, your policy will be treated as a new policy and the grace period will only apply from the second month of cover thereafter.

Policy cancellations

You may cancel your policy at any time and with immediate effect.

In the event we receive a written or verbal instruction from any person other than you to cancel your policy, we will first contact you telephonically to confirm the validity of the instruction before your policy is cancelled. If we are unable to contact you the policy will remain active.

We may cancel your policy by giving you 31 days notice.

Your policy will cancel when you:

- monthly premiums are not paid for two consecutive months, either on the payment dates or within the grace periods in those months
- annual premiums are not paid on the payment date or within the grace period

The policy will end on the final day of the period for which you last paid your premium.

Premium reviews

Premiums will be reviewed annually on the anniversary date of your policy.

Policy changes

You may make changes to your policy at any time. Any change you make will be effective from the time and date agreed to.

We may change the terms and conditions of your policy by giving you 31 days' notice.

In the event of any legislative changes which have a material impact on your policy or cover, we will make the required changes and notify you by providing reasonable notice.

Your OUTbonus

The OUTbonus is a cash refund of your premiums that rewards you for not claiming. The OUTbonus cycle, including payment intervals and the appropriate percentages, is shown on your schedule.

Your OUTbonus will be forfeited following the payment of any claim submitted for any incident, including any liability claim settled or where letters of demand or summonses are referred to us and the incident date falls within the appropriate OUTbonus cycle. Your new cycle will start immediately after the incident date for which the claim was settled.

Your OUTbonus cannot be reinstated even if a successful claims cost recovery is made.

E.g. Following repairs to your vehicle after it is involved in an accident, we attempt to recover the costs involved. We cannot recover the full costs which include the repair costs and the claims processing costs. The OUTbonus can therefore not be reinstated since we paid the claim and only recovered a portion of the costs.

Should you decide to withdraw a claim in order to protect your OUTbonus, your decision will remain final and cannot be altered should any subsequent claim be submitted. No claim will be settled retrospectively once your OUTbonus has been paid.

Premium Discounts

You may at any time provide us with the details of persons you consider will be interested in any of our and/or our related companies' long-term or short-term insurance products. We may then contact these persons and if it results in a policy being entered into between us and that person, we will give you a discount on your premium payment in the succeeding months. The amount of discount that you will be entitled to per successful referral is set out in your referral discount statement available on request.

Please note that this discounted months' premium will not have an effect in the calculation of your OUTbonus and the OUTbonus will be calculated as if the discount did not apply.

E.g. If your premium is R500 and you successfully refer a client to us and we then only collect R300 premium for the next month due to the discount, 10% of the full premium before discount (R500) will still be allocated to the OUTbonus. Therefore, R50 will go toward the OUTbonus, not R30 (10% of the discounted premium of R300).

Your responsibilities

In order to have cover you need to:

- pay your premiums
- provide us with true and complete information when you apply for cover, submit a claim or make changes to your policy. This also applies to you or anyone acting on your behalf or in your interest, or any person who is covered by this policy, for example members of your household or the driver of a vehicle which is insured by this policy
- inform us immediately of any changes to your circumstances that may influence whether we give you cover, the conditions of cover or the premium we charge

E.g. If you sell your car and buy another one, you need to inform us about the change before you can take delivery of this car so that you can be certain that your car is OUTsured by the time you drive off the showroom floor.

This includes any changes to any information:

- on your schedule
- about the financial position of any person covered under this policy, specifically relating to defaults, civil judgements, sequestrations, administration orders and liquidations of companies in which you have an interest
- about convictions or charges for criminal offences against you or any person covered under this policy

Claims

Our responsibilities

We have the choice to settle your claim in any of the following ways:

- paying out cash to you
- repairing the damage at a repairer of our choice
- replacing the item at a supplier of our choice
- any combination of the above

Where any item claimed for is financed, we will first pay the finance company. Where a claim is settled for lost or damaged items, these items become ours.

If we elect to repair we will only do so up to the maximum OUTsured value noted on your schedule for the specific section you are claiming under.

Your responsibilities

You have certain responsibilities which are listed below. If you fail to meet these responsibilities, your claim may be rejected.

Time periods

You need to:

- report your claim or any incident that may lead to a claim to us as soon as possible, but not later than 31 days, after any incident. This includes incidents for which you do not want to claim but which may result in a claim in the future

E.g. If your car is involved in an accident with another car and there is no apparent damage to either car, we still want to know about this incident so that we can take steps to limit the effects of any claim which may be made by the other person.

- report any lost items, fire, theft, hijack (including attempted theft or hijack) or damage caused intentionally to the police within 24 hours of the incident

Preventing loss or damage

Take reasonable, necessary steps to prevent or minimise loss, damage, injury or liability. This includes:

- complying with all statutory requirements and manufacturer's recommendations
- maintaining the property/items in a fit and sound condition

Correct information

You need to give:

- all information and documentation we require within the timeframe we set
- true and complete information to us and the authorities

We act on the information you provide, therefore any information which is misleading, incorrect or false will prejudice the claims process.

Proof of ownership

You need to:

- prove ownership and value of any item that you are claiming for
- make damaged items which you are claiming for available for inspection in order to substantiate the extent and nature of the damage

Repairs and replacements

Before doing any repairs or replacements you must get our approval, failing which your claim may be rejected.

Admitting guilt

Never admit guilt nor offer settlement to any other party involved in an incident in which you are involved. We will not be bound by any admission or offer you make to any person in relation to any incident.

E.g. If you are involved in an accident you may find yourself admitting blame for causing the accident to the other person involved. Your admission may prejudice any attempt to recover any money spent on repairing your car.

When we need your assistance

You need to comply with our reasonable instructions and requests.

E.g. After paying you for your stolen vehicle, we may need your assistance in identifying it should the police recover it.

Excess

This is the amount you contribute for each and every claim and is noted on your schedule.

In the event of a claim the excess is payable upfront to the service provider.

E.g. If you claim after an accident, you pay the excess directly to the panel beater. You still need to pay the excess even though you did not cause the accident.

Dual insurance

If there are any other insurance policies giving the same cover as in this policy we will pay our pro-rata portion of any claim. This does not apply to Personal Accident cover.

E.g. If you insure an item for R200 000 elsewhere and the same item is OUTsured for R200 000, we will only pay half and the other insurer will pay the other half when you claim.

We can act on your rights

When we settle your claim, we can act on your rights or obligations against other people to recover costs or to defend any claim they may have against you on the principle of subrogation. If we recover the excess we will refund it to you.

Disputed claims

In terms of the Policy Holder Protection Rules, if you dispute the outcome of your claim you have 90 days from the day you are first informed of the outcome to notify us about your objection. Immediately following this you have a further six months within which to serve a summons on us. If you do not do so within this period, your right to challenge the decision is forfeited.

Fraud or dishonesty

We have a responsibility to all our policy holders to ensure that fraudulent claims are eliminated in order to keep premiums as competitive as possible. If your claim is rejected you will need to reimburse us for any expenses we incur relating to the claim.

If you or anyone acting on your behalf or in your interest, or any person who is covered by this policy submits a claim, or any information or documentation relating to any claim that is in any way fraudulent, dishonest or inflated, we will reject that entire claim and cancel your policy retrospectively to the reported incident date or the actual incident date, whichever date is earliest.

Sharing of information

We respect the confidentiality of your information. In order to ensure sound insurance practices and prevent insurance fraud we confirm and disclose information relating to claims, insurance and financial history with other insurers, government bodies and credit bureaus. This is applicable to anyone who is covered under this policy. By entering into this policy, you agree to be bound by our privacy policy which is [available on our website](#). If you are not willing for this information to be confirmed or disclosed or to be bound by our privacy policy we will not be able to provide you with cover. For more information relating to our privacy policy, we request that you [visit our website](#).

E.g. People sometimes "buy" items using false cheques or counterfeit money or by presenting a false proof of payment. In order to avoid becoming a victim of this kind of theft, you need to make sure that your bank confirms the payment before you give the item to the other person.

✗ Pawned items

Any pawned items, whether you pawned them or you are holding them on someone else's behalf.

✗ Consequential loss

Any consequential loss or damage; that is any loss or damage not directly caused by an OUTsured peril. Some consequential losses can be covered and are specifically noted.

E.g. The loss of use of your car following an accident and while it is being repaired is not automatically covered. The Car Hire option is available, and if selected we will indemnify you by covering the costs of the hired car from an OUTsurance approved service provider as a means of alternate transport.

A Communicable Disease means any disease which can be transmitted by means of any substance or agent from any organism to another organism, including but not limited to any form of Corona viruses or Influenza viruses.

✗ Veld fires

- any consequential loss

A computer includes any computer, data processing equipment, microchip, integrated circuit or similar device in computer or non-computer equipment or any computer software, tools, operating system or any computer hardware or peripherals and the information or data electronically or otherwise stored in or on any of the above, whether the property of the insured or not.

A cyber event, is defined as any event that adversely affects or has the potential to affect the confidentiality, integrity or availability of information, data and/or systems. A cyber event includes any cyber-attack, which is defined as an attempt by hackers to steal data, damage, block access to or destroy a computer network or system.

✘ Electricity grid failure or interruption

This policy does not cover any loss, damage or liability directly or indirectly caused by a total or partial interruption, interference, failure or suspension of the supply of electricity or restoration thereof.

This exclusion does not apply to power surge events resulting from load shedding. Load shedding is defined as scheduled electricity supply interruptions implemented by any party other than the insured, implemented in phases, which does not affect a whole municipality, province or country simultaneously.

✘ Construction Approved

This policy does not cover legal liability, loss or damage directly or indirectly caused by or contributed to by defects in the design or construction of your property, or where the structure of your property would not have been approved by the relevant local authority at the time of construction.

SASRIA

Cover is provided by South African Special Risk Insurance Association (SASRIA) and only applies if it is noted on the schedule. SASRIA is the only non-life insurer that provides cover against risks such as civil commotion, public disorder, strikes, riots and terrorism.

It is a condition of cover that the insured, and anyone covered under the OUTsurance policy, must comply with its terms and conditions in order to be covered by SASRIA. The relevant policy wordings are available on SASRIA's official website (www.sasria.co.za).

Vehicle

What does Vehicle refer to?

Vehicle refers to any South African registered motorcar, motorcycle, light delivery vehicle (LDV), caravan or trailer. Vehicles used for emergency services (including traffic control and armed response vehicles), law enforcement, towing and taxi purposes are not covered. The vehicle that you have OUTsured is noted on your schedule.

The OUTsured value

The OUTsured value noted on your schedule is the maximum amount we will pay for any claim, less the excess and any dual insurance, betterment or depreciation.

If the vehicle is financed, we will first pay the outstanding settlement amount to the finance company to settle the outstanding settlement amount, excluding the following charges:

- any early settlement penalties
- additional finance charges
- any arrear instalments and interest

We will pay you the difference if the settlement amount is less than the limit of indemnity, less the excess.

We consider the values provided by the Auto Dealer's Guide to determine the OUTsured value of your vehicle and its accessories. Should the vehicle not be listed in the guide, we will consider other suitable sources to establish its reasonable value.

Your vehicle can be OUTsured for one of the following values:

- retail value
- market value (the average between the vehicle's retail and trade values)
- nominated value (which applies to collectors' vehicles where a valuation is given by a suitable source)

If the vehicle is hijacked, stolen and not recovered or if it is written-off we will pay the OUTsured value, including the value of any specified non-standard factory fitted accessories, according to the values determined by the Auto Dealers' Guide.

If a previously rebuilt (code 3) vehicle is a total loss following a claim due to any insured peril, the claim settlement will be adjusted to 70% of the insured value.

Factory fitted sound equipment is automatically covered because it is included in the value of the vehicle. The basic vehicle excess is payable for any sound equipment claims. You can however specify the sound equipment under optional cover (for which an additional premium is charged) and then the lower sound equipment excess is payable.

Who is the regular driver?

The regular driver is the person who drives the vehicle most often in any monthly period and is noted on your schedule.

E.g. If you are noted as the regular driver of the vehicle but you let your 18 year old son drive your vehicle to university daily without telling us, we will charge a premium based on the profile of an older, more experienced driver rather than on the profile of a younger and less experienced driver. The difference in profile would obviously mean that we would charge more to OUTsure your son as the regular driver. We would therefore be receiving the incorrect premium and it would mean that your vehicle is not covered.

Vehicle use

Your vehicle can be OUTsured for either private use or business use.

Private use is for private or social purposes, including driving between your home and regular place of work.

Business use includes private use with additional cover for instances where the vehicle forms an essential part of the performance of any work or function.

E.g. Typical examples of where you would need to OUTsure your car for business use are:

- external sales, such as representatives and estate agents
- client servicing, such as external consulting and client liaison
- delivering any commodity

The use that you chose is noted on your schedule. In order to have cover, it is vital that you OUTsure your vehicle for the correct use.

E.g. A vehicle that is being used for business purposes has a greater chance of being stolen or involved in an accident as it is usually on the road more often and in a greater variety of areas than a vehicle used for private purposes. Therefore the premium for a vehicle being used for business purposes is higher compared to the same vehicle used for private purposes. It is important that you OUTsure your vehicle correctly otherwise it could affect the outcome of your claim.

In which countries are you covered?

Your cover is valid in South Africa, Botswana, Lesotho, Malawi, Mozambique, Namibia, Swaziland and Zimbabwe when used for private purposes.

If your vehicle is OUTsured for business use it is not covered while being used for business purposes outside South Africa unless you have selected the optional cover for business use in countries outside South Africa. It will still be covered when used for private purposes.

E.g. If your vehicle is OUTsured for business use and you go on holiday to Botswana where you have an accident, the damage is covered. However, if you are doing business at the time, the damage is not covered unless you have selected the optional cover.

Your responsibilities

In order to have continuous cover and a valid claim, you need to adhere to the following:

Preventing loss or damage

Take reasonable, necessary steps to prevent or minimise loss, damage, injury or liability.

E.g. Your car is involved in an accident where the oil sump is damaged. Yet, despite the oil level warning light coming on, you continue driving, although circumstances reasonably allowed you to stop driving, and this causes engine damage. The damage to the engine is not covered.

Driver's responsibilities

Anyone driving the vehicle must adhere to the terms and conditions of this policy.

E.g. If you lend your car to a friend who is then involved in an accident while this person is under the influence of alcohol, there will be no cover. The driver of the vehicle is bound to the terms of this policy similar to you.

Important changes

Inform us immediately if:

- the address where the vehicle is kept, as noted on your schedule, changes
- the regular driver changes
- the use of the vehicle changes

Vehicle cover

You can OUTsure your vehicle for any one of the following:

- Comprehensive cover
- Limited cover (Third party, fire and theft)
- Liability to other parties

Vehicle security

You may need to fit additional anti-theft devices in your vehicle, the details of which will be confirmed with you.

In certain instances, you also have the option to pay an additional premium for theft and hijack cover rather than installing the required devices. The additional premium will be noted on your schedule where you have selected these options.

Comprehensive cover

You are covered for accidental damage to your own vehicle as well as damage to other people's property. Your vehicle is also covered for theft and hijack.

What is covered under Comprehensive Vehicle cover

Costs relating to the extinguishing or fighting of fire shall be payable in addition to any other payment for which OUTsurance may be legally liable, provided that the insured is legally liable for such costs and the insured property was in danger of being damaged by the fire.

 - does not enjoy similar liability cover elsewhere
- ✗ You are not covered for legal liability following damages to property belonging to members of the driver's household.

The amount noted on your schedule also includes the legal costs which someone else can recover from you and which we agree to in order to settle or defend a claim against you. The maximum amount you can claim per accident is noted on your schedule.

The accident must involve:

- the OUTsured vehicle, or
- any vehicle being towed by the OUTsured vehicle, or
- a vehicle being driven by you, any members of your household or the regular driver, that you or they do not own

✓ Loss or damage to vehicle keys

- Lost or stolen vehicle keys are part of our standard vehicle cover

- Damage to vehicle keys will not be covered where the damage did not occur as part of a normal covered event
- For a lower excess the vehicle keys can be specified as accessories

✓ Medical expenses

What is not covered under Liability to other people

✗ Liability for death, bodily injury or emotional shock

- property owned by you or in your control
- property owned by or in the control of any member of your household, the regular driver or any of your employees

- a vehicle being towed by the OUTsured vehicle
- property not belonging to you, where a claim for the damage to the vehicle itself would not have been covered

✗ Liability where your vehicle claim was rejected

Any incident which causes damage to other people's property or injury to them and where the claim for loss of or damage to the vehicle itself is not covered.

E.g. If the driver is under the influence of alcohol and causes an accident and we reject the claim for damage to the vehicle, any liability claim for damage to the other person's property will also be rejected.

✗ Intentional loss or damage

Loss of or damage to your vehicle:

- caused intentionally by you, members of your household, or
- which occurs with your consent or knowledge, or the consent or knowledge of members of your household or the regular driver

What is not covered under Comprehensive Vehicle cover

- without a valid driver's licence or permit for the specific vehicle type
- with a foreign licence unless the driver has a valid International Driving Permit or a valid driver's licence issued in the driver's country. The licence must be in English (or translated into English by the authorities of that country), with a photo of the driver and it must be for an equivalent vehicle in South Africa. Any person living in South Africa permanently must get a South African licence within five years of becoming a permanent resident. If the foreign licence is a provisional or learner's licence, the person must get a valid South African driver's licence

✗ Driving under the influence

If you, members of your household, the regular driver, or anyone with your consent or knowledge, or the consent or knowledge of members of your household or the regular driver, drives the vehicle:

- racing or competition

✓ Non-standard vehicle sound equipment and accessories

Loss or damage to:

- factory fitted sound equipment and accessories

Any standard factory fitted sound equipment and vehicle accessories to motorcars, LDVs and motorcycles are automatically covered under standard Vehicle cover because it is included in the value of the vehicle. Accessories fitted to caravans and trailers are also covered if they are included in the OUTsured value. The basic vehicle excess will still be payable for any claims under the Vehicle section of the policy. You can however specify the sound equipment and vehicle accessories under the optional cover and then the lower sound equipment and accessories excess is payable.

- non-factory fitted sound equipment and accessories

Any non-factory fitted sound equipment and vehicle accessories items such as mag rims, boot spoilers and cell phone car kits need to be specified under the optional cover. You will enjoy no cover for these items if not specified. Items that are occasionally in the vehicle need to be OUTsured under Out-and-About cover.

✓ Car hire

Following an incident for which you can claim, we will indemnify you by covering the costs of a hired car, obtained from an OUTsurance approved service provider, where your vehicle is:

- damaged and being repaired
- damaged and not drivable

Buildings

What does Buildings refer to?

Buildings refers to the immovable structures, this includes the home and the outbuildings whether they are separate from the home or not, at the address noted on your schedule. It also includes all permanent fixtures, fittings and improvements, such as driveways, walls, fences, patios, swimming pools, swimming pool-, borehole- and spa pumps, gate motors, tennis courts, underground pipes and cables. Dams and dam walls, jetties and piers, canal walls, boreholes, loose gravel paths and coverings, bridges, pool cleaning equipment and utilities, such as gas, water and electricity, are excluded.

The OUTsured value

The OUTsured value noted on your schedule is the maximum amount we will pay for any claim, less the excess and any dual insurance and under-OUTsurance.

You need to OUTsure your building for its replacement value. This is the cost of rebuilding or repairing the building with new materials.

The replacement value must include the following additional costs:

- professional and municipal fees
- demolition charges
- debris removal
- making the site safe against further incidents

Should you OUTsure the building for an amount less than its replacement value, we will pay you proportionately.

E.g. If the correct OUTsured value of the building is R400 000 and you OUTsure it for R200 000 you will be compensated for 50% of your loss.

Water heating systems will be covered up to the total replacement value. Water heating systems includes geysers, boilers, heat pumps, solar water heating systems and their panels as well as water heating systems for swimming pools and jacuzzis.

It is your responsibility to update your OUTsured value.

Your responsibilities

In order to have continuous cover and a valid claim, you need to adhere to the following:

Important changes

Inform us immediately when:

- the building is unoccupied for any period longer than 60 consecutive days

E.g. When lawful occupants still reside in the building but are away from the property for more than 60 consecutive days.

- the building is vacant, empty, abandoned or illegally occupied

E.g. When all lawful occupants move out of the building it immediately becomes vacant.

- the building is let or sublet
- any alterations, additions or improvements are made to the building

E.g. If your building has a slate roof, we charge a specific premium for that. If you later thatch the roof without telling us, we would be receiving the incorrect premium because thatch has a greater risk of fire damage. Your building will therefore not be covered for fire damage.

Responsibilities of people living at the premises

Anyone living at the premises must adhere to the terms and conditions of this policy.

You need to OUTsure your contents for its total replacement value. This is the cost of replacing your lost or damaged items with new ones. Should you OUTsure the Contents for an amount less than its replacement value, we will pay you proportionately.

Important changes

Inform us immediately when:

- you move and your address changes

E.g. If you move from Upington to Johannesburg without telling us, we will continue charging a premium for your contents at your previous address. OUT-and-About

What does OUT-and-About refer to?

OUT-and-About refers to personal possessions which are usually taken out of the home and which belong to you or to any members of your household who live with you.

E.g. Clothing, jewellery, photographic equipment and travel luggage can be OUTsured in this section.

The OUTsured value

The OUTsured value noted on your schedule is the maximum amount we will pay for any claim, less the excess, any dual insurance and under-OUTsurance.

You need to OUTsure your possessions for the replacement value of each item. This is the cost of replacing your lost or damaged items with new ones. Should you OUTsure any item for an amount less than its replacement value, the maximum settlement amount will be the specified value.

Should you OUTsure any item for an amount higher than its replacement value, we will settle your claim according to the actual replacement value of the item, as determined at the time of the claim.

It is your responsibility to update your OUTsured value.

Specifying Out-and-About items

Possessions OUTsured in this section fall into one of the following categories:

Unspecified Out-and-About

As “unspecified” suggests, this section covers a variety of items you wear or carry with you; these may change from day to day and it would be impossible to list them each time you need them covered. These items are therefore automatically covered for the overall maximum value you choose. Within this overall limit there is a maximum value per item, which is noted on your schedule.

Specified Out-and-About

This refers to any items valued at more than the individual maximum value per item for unspecified Out-and-About cover, with each item being specifically named and the value noted on your schedule.

Any possessions you normally carry with you to work on a daily basis, or which your children take to school, can be covered in this section.

E.g. As a working person you may normally carry a bag or case which contains your purse or wallet, a cell phone, a diary and some personal items. You would OUTsure these in the following way, assuming that the maximum value per item for unspecified Out-and-About cover is R1 500. The items valued at more than R1 500 each must be specified as follows:

- Cell phone R3 000
- Leather bag R1 600

Assuming that all the other items are each valued at less than R1 500, they will be covered as unspecified items up to the overall maximum value you choose. So, if this value is R3 000, 2 items valued at R1 500 each are covered, or six items valued at R500 each (or any combination of values up to a maximum of the R3 000 OUTsured value).

Where are you covered?

Out-and-About items are covered anywhere in the world.

What is covered under OUT-and-About cover

✓ Loss of or damage to unspecified and specified items

- Cell phones and electronic items are only covered if they are noted under specified Out-and-About on your schedule.
- Unspecified cover will only apply away from the address noted on your schedule.

✓ Fire extinguishing charges

Costs relating to the extinguishing or fighting of fire shall be payable in addition to any other payment for which OUTsurance may be legally liable, provided that the insured is legally liable for such costs and the insured property was in danger of being damaged by the fire.

The maximum OUTsurance will indemnify you for fire extinguishing charges is limited to 10% of the total sum insured of the damaged items covered under your OUT-and-About policy with an overall limit of R1 000 000 per incident for all items insured with OUTsurance.

✗ Items inside a vehicle

There is no cover for:

- Theft from an unattended vehicle unless:
 - Entry to such locked vehicle is accompanied by visible signs of forced entry and
 - The property is concealed

E.g. Items left in the vehicle that are in view of the passers-by are very likely to be stolen.

Property will be considered as concealed if:

- Stored in the cabin of the vehicle in an enclosed storage area such as a cubby-hole or boot with covering
- Stored in the loading area of a light duty vehicle under a lockable cover that is fixed to the vehicle. Property stored under canvas is not covered.

E.g. Items stored under canvas load covers of a LDV are less secure and more likely to be stolen, whereas a sturdier lockable cover offers greater protection.

- Stored in the loading area of a light duty vehicle with a canopy and the canopy's windows are covered with tinted smash and grab film
- There is no cover at all if the following items are left in the loading area, under a canopy with windows:
 - Jewellery, cell phones or computer, medical, audio/video and photographic equipment
